METAL PLANTER 292-WS

789.00 €

Experience the allure of minimalism with the compact **Model 292** metal planter by Encho Enchev - ETE. Ideal for small gardens, balconies, or even indoor spaces, this model is the perfect choice for those looking to add style without sacrificing space. The metal planter is crafted from **stainless steel** and adorned with elegant vertical wooden elements. Two types of wood are available - the traditional spruce or our revolutionary product - the **eco-friendly Resysta® wood**. Developed in Germany, this wood comes with a **15-year warranty** against cracking and delamination, provided by the wood manufacturer. The product is made from 100% recyclable and eco-friendly material, and the high-quality protective coatings on the wood ensure its long-term durability. With a height of just 30 cm, this model is an excellent choice for low-growing flowers or decorative grasses. The stainless steel and wooden details add a modern and refined accent to any setting. Thanks to its exceptional durability, this model finds wide application in various open and enclosed spaces - from urban gardens, parks, and squares to hotels, malls, and administrative buildings.
